

RELEASE TO STAFF
FROM GNPC SENIOR STAFF UNION EXECUTIVE BODY

The Executive body of the Senior Staff Union (SSU) has noticed with grave concern a publication titled ***'Storm Brewing at GNPC over CEO's erratic behaviour..... concerned workers petition board'*** which sought to suggest that some concerned staff of the Corporation submitted a petition to our board which among other things made the following claims:

- that our CEO sanctioned some internal transfers contrary to the employee mobility and transfer policy of the Corporation and
- that the CEO's leadership style is causing financial loss to the Corporation

The Executive body of the Senior Staff Union wishes to state on record that we have not received any complaint or grievance whatsoever from any person or group regarding the conduct of our Chief Executive. Indeed, there is currently industrial harmony, and the prevailing atmosphere in the Corporation is one of calmness. This act from a "faceless" source, is unfortunate and has been a source of worry to some well-meaning members of our Union.

Although we cannot confirm if the said petition emanated from the Corporation, we do not condone such acts as they are unprofessional. We therefore reminding members of the terms in our Condition of Service especially on grievance management and admonish members to uphold it at all times. We must fulfil our end of the bargain if we are to be morally empowered to request that management does the same.

The Executive body would like to assure all concerned individuals, that management and the Union are collaborating to improve the working and living conditions of workers taking cognizance of the current economic outlook of the country and stipulations in our Conditions of Service. It is, therefore, our collective responsibility to work in our various capacities in advancing the fortunes of the Corporation while ensuring that we do so within the confines of law and procedure.

Let's work together to jealously guard the peace we currently enjoy in the Corporation
